2019 FREEDOM REPORT

1990 - 2019

“JUSTICE, JUSTICE, YOU SHALL PURSUE...”
— DEUTERONOMY 16:20
Dear Friend & Fellow Member of the ACLJ,

You’ve been a major force to be reckoned with in 2019. Your support for the ACLJ has put us on the front lines of some of the biggest issues and cases across the nation and around the world.

With you at our side, we’re battling — all the way to the Supreme Court of the United States in many cases — and we’re winning. We’re beating back an avalanche of extreme abortion laws. We’re saving babies’ lives. We’re delivering blow after blow to the abortion industry and its exorbitant taxpayer funding. We’re exposing insidious Deep State corruption in court. We’re mobilizing to defend the persecuted Church. We’ve stood before the United Nations (U.N.) for dying Christians. We have not wavered in our stand for Israel: at the U.N., the International Criminal Court (ICC), and in Congress.

In all of this and more, our relentless pursuit of liberty compels us — and your support is key.

Aggression from the Left has reached a treacherous pitch. We’re up against a firestorm of cases and issues. We are battling at an unprecedented scope — going toe-to-toe with well-funded enemies that have incredibly deep pockets. But as this report reveals, in the face of evil, we will not give up or back down. We are relentless because you are relentless. God bless you for being faithful.

A MESSAGE FROM CHIEF COUNSEL JAY ALAN SEKULOW
Pastor Andrew Brunson Freed From Turkey
Nearly 600,000 ACLJ members signed our petition demanding his freedom!

After more than two years of wrongful detainment in Turkey for his Christian faith, American Pastor Andrew Brunson was freed. The ACLJ represented Pastor Andrew during his imprisonment.

Christian Mom Asia Bibi Released
Her 10-year nightmare is over, thanks to you!

The ACLJ relentlessly fought for Asia Bibi’s freedom, engaging in a multipronged legal advocacy campaign across the globe.

California Pro-life Pregnancy Centers Vindicated
A big win for life and free speech rights in National Institute of Family Advocates (NIFLA) v. Becerra

A federal court permanently blocked the state of California from forcing pro-life pregnancy centers to advertise state-funded abortions.

The Cross Shall Stand
Resounding win for religious freedom

With a strong 7-2 vote, the Supreme Court of the United States agreed with the ACLJ’s amicus brief and upheld the constitutionality of Maryland’s Bladensburg Peace Cross. The ACLJ filed numerous briefs as this dangerous case made its way through the federal court system.

Supreme Court Victory for Life
Box v. Planned Parenthood of Indiana and Kentucky

The Supreme Court agreed with the ACLJ, upholding an Indiana law requiring the humane disposal of aborted babies. As expressed in our amicus brief in this case, abortionists cannot “treat the bodies of dead unborn children as ‘medical trash.’”

Dismantling the Market for Aborted Babies’ Body Parts

Demanding an end to this disgusting practice

After a massive public outcry from the ACLJ and members like you, the Department of Health and Human Services (HHS) under President Trump ended a morbid contract involving the use of aborted babies in grotesque medical research.

Religious Freedom Victory in Bulgaria
Your support of freedom extends around the world!

One of the ACLJ’s affiliates, the European Centre for Law and Justice (ECLJ), fought back against a dangerous bill amending the Religious Denominations Act in Bulgaria.
Act of Bulgaria and violating the freedom of religion of Christians. As a result, the main provisions violating freedom of religion were removed ... and the rights of your Christian brothers and sisters were protected.

**Supreme Court Rejects Atheist Challenge to National Motto**

“In God We Trust!”

In a big win for our American heritage, the Supreme Court rejected a federal lawsuit aimed at removing “In God We Trust” from our national currency. The ACLJ filed a series of critical amicus briefs from the time the original lawsuit was first filed and during the appeals process.

**Big Win for Life in the Abortion Capital of America**

ACLJ beats pro-abortion New York IN New York!

The ACLJ experienced a major win against pro-abortion New York City in a Manhattan hearing room, in front of a New York judge. We presented such a strong case defending embattled pro-life pregnancy centers that the city had no option but to withdraw its own case.

**Ohio Defunds Planned Parenthood**

We’re crippling taxpayer-supported abortion!

We helped secure a significant pro-life victory in Ohio, where the Sixth Circuit Court ruled in agreement with our amicus brief that the state of Ohio could defund Planned Parenthood. This win sets a major precedent, allowing other states to enact similar laws.

**ACLJ Defends “Woman’s Right to Know Act”**

Ensuring women are fully informed about abortion procedures — and consequences

The ACLJ testified before Maryland State legislators, defending the constitutionality of the pro-life Woman’s Right to Know Act. This powerful legislation requires women seeking an abortion to be informed about alternatives, the abortion procedure itself, and adverse effects.
With your support — financially and in prayer — the ACLJ is aggressively fighting to eradicate the scourge of abortion from America. Can Planned Parenthood and abortion be defeated? Yes, they can. Here’s how we’re doing it:

**At the State Level: Heartbeat Laws**

In states across the nation, the ACLJ is fully engaged in the battle to defeat abortion extremism and protect millions of precious heartbeats:

- The ACLJ’s legal teams have been working with state legislatures to craft “heartbeat” laws that outlaw abortion once a baby’s heartbeat can be detected (usually around six weeks). At press time, seven states have passed vital “heartbeat” legislation, with others pending.

- We’ve filed legal memoranda addressing New York state-level Freedom of Information Law (FOIL) requests seeking records exposing any interactions between the Governor’s office/executive branch and Planned Parenthood during the legislative process.

- We filed FOIL demands to force the state of Virginia to produce all records regarding extreme legislation that allows abortion even at the moment of birth.

- We’re fighting a massive wave of anti-life legislation at the state level in New York, Rhode Island, Virginia, New Mexico, Illinois, and Vermont.

- The pro-abortion American Civil Liberties Union (ACLU) and Planned Parenthood are challenging “heartbeat” laws in court. We’re fighting back … filing briefs to defend laws and working with legislators in other states to pass new bills.

- We continue working to overturn New York’s outrageous abortion law that strips away the human rights of babies born alive after botched abortions.
The ACLJ and You: Protecting Heartbeats Across the Nation

✅ Fetal “Heartbeat” Law Passed
With the help of the ACLJ, these states now limit access to abortion after a doctor can detect a heartbeat, effectively banning abortions after 6-8 weeks: Georgia, Kentucky, and Ohio. Alabama, Louisiana, Mississippi, and Missouri have also passed “heartbeat” legislation.

✅ Fetal Heartbeat Legislation Pending
The ACLJ is currently engaged in researching, drafting, and giving input on multiple “heartbeat” bills in Iowa, Michigan, South Carolina, and Texas. Florida, Maryland, Minnesota, Tennessee, and West Virginia also currently have “heartbeat” legislation pending.

✅ Defeated Live-Birth Abortion Laws
The ACLJ fought back and helped defeat horrific live-birth abortion laws in Virginia, New Mexico, and Maryland.

Every day, Planned Parenthood kills 900 babies — and takes $1.5 million of our tax funds to do it. This indescribable evil must end. After decades in the fight, we are getting closer to decimating taxpayer funding for Planned Parenthood and the abortion industry:

Blocking the Flow of Abortion

1. Ohio’s Sixth Circuit Court agreed with our amicus brief that Planned Parenthood has no constitutional right to state tax funds — setting a clear legal precedent that will allow other states to stop state tax dollars from funding the abortion giant.

2. The Department of Health and Human Services revised the Title X family planning program, cutting approximately $60 million of Planned Parenthood’s taxpayer funding.

However, this huge victory is now under attack. The legal fight could go all the way to the Supreme Court of the...
3. Internal turmoil has Planned Parenthood reeling too: the same week the Title X funding rule went into effect, Planned Parenthood ousted its president of just eight months in a secret board meeting. As a medical professional, she wanted to focus on healthcare services, but the Planned Parenthood board was determined to double down on abortion-rights advocacy, validating what we’ve known for a long time — Planned Parenthood is all about abortion.

4. We scored a major victory against Planned Parenthood at the Ninth Circuit Court of Appeals, where the abortion giant was dealt a major legal blow in its lawsuit against the Center for Medical Progress, the organization that exposed it was selling body parts of aborted babies for profit. The Ninth Circuit used to be regarded as a “cakewalk” for Planned Parenthood; but now a quarter of its appellate judges have been appointed by President Trump. As a result, Planned Parenthood can no longer simply file a

United States. We’re fighting back on appeal.

We’re also in federal court working to defund Planned Parenthood of state taxpayer money; we’ve already filed three crucial amicus briefs.

We’re working to stop H.R. 2740 in the Senate. Passed by the liberal House, the bill goes so far as to reverse our recent Title X victory and reinstate the massive flow of your tax dollars to fund abortions.

In the Courts

Members of the abortion lobby are frantically filing lawsuits against every pro-life law they can. But we are making tremendous strides — in the states, in federal court, at the Supreme Court. We can’t let up … because the abortion industry won’t back down without a fight.

• Working in the courts to overturn New York’s outrageous abortion law.

• Miano v. Miller and Devine v. City of New York — defending the constitutional free speech of pro-life counselors on public sidewalks.

• Cynthia Isabell v. Trustees of Indiana University — defending a very qualified nurse not hired for a teaching position based on her pro-life beliefs.
• **Turco v. City of Englewood** — battling an unconstitutional abortion buffer zone law.

• **Aloha Pregnancy Care and Counseling Center, Inc. v. Chin (D. Haw.)** — battling an anti-crisis pregnancy center law.

• **Planned Parenthood Federation of America, et al. v. Center for Medical Progress, et al., N.D. California** — fighting to expose the evil about aborted babies’ body parts being up for sale.

• **Preterm-Cleveland, et al. v. Lance Himes** — fighting to prohibit abortion based on a Down Syndrome diagnosis.

• **June Medical Services v. Gee** — fighting for commonsense restrictions on abortion providers in Louisiana.

• **Price v. City of Chicago** — huge pro-life case with massive implications.

• Filing briefs to defend crucial “heartbeat” laws in multiple courts nationwide.

   The abortion lobby is pushing its deadly agenda harder than ever. But we’re fighting back: state by state, case by case, bill by bill.

   We’ll dismantle the abortion industry piece by piece until we see victory.

Countless defenseless babies depend on our action now. Together, we will relentlessly defend their lives. Together, we will see victory.
More Christians are persecuted worldwide than ever before. At the ACLJ, we’re expanding our efforts to defend the defenseless. We’re mobilizing our international offices in the most expansive campaign for the persecuted Church we’ve ever undertaken as increasingly barbaric attacks are being carried out against Christians in countries like Nigeria, Egypt, and Sri Lanka.

- Beheadings
- Victims Burned Alive
- Rape
- Kidnapping
- Enslavement
- Destruction of Religious Sites
- Sexual Slavery
- Forced Conversion
- Property Seizures
- Forced Business Closures
- Ransom Demands

Through the ECLJ, we filed a written submission before the United Nations Human Rights Council (UNHRC) detailing the spread of religiously motivated attacks against Christians around the world. It is critical that the U.N. and international community come together to put an end to this senseless violence against Christians.

- We continue to advocate on behalf of imprisoned 15-year-old Leah Sharibu, who was kidnapped by Boko Haram more than a year ago and is being held captive because she refuses to renounce her Christian faith.

- We’re demanding justice and freedom for Christian Pastor John Cao, a U.S. permanent resident who has spent more
than two years imprisoned in China because of his faith.

• We’ve filed a written submission and delivered an oral intervention at the UNHRC regarding the repeated imprisonment in Iran of Christian Pastor Youcef Nadarkhani — an Iranian pastor who was originally sentenced to die for “apostasy” five years ago. After nearly three years in prison, Pastor Youcef was finally set free. But Iranian agents have rearrested him. Our international legal team is fighting for his freedom.

• Victory! The ACLJ successfully recovered a Christian family of five from captivity in Pakistan. The family is finally free after nearly five years of bonded labor, physical torture, and severe brutality.

11 Christians will die today from deadly persecution
Here’s what your support looks like!

The ACLJ and you ... together, we’re on the front lines of some of the most important, most pressing battles of our day — making a powerful difference for life, religious liberty, constitutional freedoms, and more. Thank you for the strength you bring to our work. ACLJ members like you are making an important impact.
In New York, declawing a cat is against the law, but you can abort a baby up until the moment of birth.

Approximately 35% of all pregnancies in New York in 2015 ended in abortion.

Disturbing seagull nests or eggs is illegal in California … but you can legally dismember a child before she’s born.

Because of Ohio’s new “heartbeat” law, an estimated 7,000 babies’ lives could be saved over the next year.

7 states across the nation have drafted and passed vital “heartbeat” legislation in 2019 with the assistance of the ACLJ — and you!

$543,700,000

of taxpayer funding goes to Planned Parenthood every year.

One World Trade Center was lit up pink to “celebrate” passage of New York’s pro-abortion “Reproductive Health Act” — which legalized abortion up to birth. The very monument that exists because 3,000 people lost their lives to terrorism in one tragic day — including 11 unborn children who are listed on the memorial as victims of the World Trade Center attacks — was being used to celebrate another tragedy: an industry that aborts more than 3,000 babies every day.

The ACLJ is relentlessly chipping away at the evil abortion giant’s armor. We’ll dismantle the abortion industry piece by piece, battle by battle, until we see victory.

We’re on the precipice of defunding tens of millions more from Planned Parenthood!
Our work on behalf of Israel’s interests is more critical than ever before. Together, you and the ACLJ are relentlessly protecting America’s greatest friend and ally in the Middle East from increasing threats on multiple fronts, including from within our nation’s own congressional ranks.

The sun never sets on the ACLJ’s fight for Israel. From our Special Operations Unit based in Jerusalem, we’re committed to protecting Israel at the U.N. and the International Criminal Court.

We’re defending our ally at the International Criminal Court and the International Court of Justice.

The U.N. has established a $65 million slush fund to aid groups like Hamas in waging legal warfare against Israel.

Israel is under constant attack. The ACLJ is taking aggressive action to defend our ally from an array of deadly enemies.

The ACLU is battling the U.N.’s $65 million anti-Israel lawfare slush fund that is financing the terrorists and using U.S. taxpayer funds to pad its coffers!

We’re fighting in two major U.S. federal lawsuits to protect Israel’s interests.

The Supreme Court of the United States has granted review of the Espinoza case; the ACLJ filed an amicus brief urging the Justices to overturn the rule of religious hostility imposed by the Montana Court.

**Recent Victories**

Your membership empowers our efforts for the causes of faith and freedom!

- The ACLJ secured multiple victories for churches on the zoning front. In Gaffney, South Carolina, and in New York, we defeated discriminatory zoning ordinances and upheld religious freedom for our clients. We’re currently fighting a similar church zoning issue in Citrus County, Florida. With your support, we continue to defend protections given to churches under the law.

- The ACLJ recently represented a private business owner who faced investigation for conducting regular prayer meetings at work. However, under federal and state law, private employers are not required to purge the workplace of all religious activity. They can legally hold devotional or prayer meetings for employees so long as it remains clear to all employees that attendance is never required. This business owner is now free to hold prayer meetings at work in full compliance with the law.

*“The Lord ... rescues the life of the needy from the hands of the wicked.”*

—Jeremiah 20:13
Vile anti-Semitism is on the rise in America. A recent report revealed that 60% of the hate crimes committed in New York City alone targeted Jewish people. And it’s not just here. It’s happening around the globe. Anti-Semitic attacks rose a reported 13% worldwide in 2018.

This is a critical time for Israel. Our friend is in the crosshairs. Israel’s enemies attack from many fronts: with deadly rockets on the ground, hateful anti-Semitism in the public square, and damaging lawfare in the courts. The ACLJ is committed to Israel. We are engaged in the battle to defend Israel’s interests and the Jewish people.

Israel, America’s most important ally in the Middle East, must be protected. And the ACLJ is doing just that, on an international scale:

• We have a team of lawyers on the ground in Jerusalem working daily to protect Israel’s very right to exist.
• We’re battling the U.N.’s treacherous $65 million anti-Israel lawfare slush fund.
• We’re fully engaged in two major federal lawsuits in defense of Israel’s interests — their enemies are trying to eliminate Israel’s right to exist as a Jewish State through litigation.
• We’re at the U.N., International Criminal Court, and the International Court of Justice battling Israel’s enemies and defending our ally.
• We have just submitted and continue to work on written and oral arguments on a broad array of topics to protect both Israel and Christians.
• Anti-Semitism has made its way into Congress. The ACLJ is demanding that the Left address this hateful rhetoric and censure representatives who engage in anti-Semitism.

Myriad powerful enemies are relentless in their pursuit of Israel … but so are we.

Because dangerous threats to Israel’s sovereignty and security don’t stop, our work never stops.

“I will bless those who bless you, and I will curse him who curses you.”
—Genesis 12:3
We are waging battle against the dangerous Deep State at work in the federal government today that is undermining the conservative agenda and endangering our national security.

With the support of citizens like you, the ACLJ is fighting back to expose the corruption of Deep State criminals, halt their unprecedented and unconscionable behavior, and reclaim our republic.

We’re relentlessly working to expose the lawless bureaucrats and hold these rogue, Obama-era holdovers accountable to the American people.

Other FOIA requests that could become lawsuits:

- Elementary students are being forced to participate in Buddhist-based meditation in public schools. Federal government grant funds have been awarded to implement these “mindfulness” programs. We’re seeking answers and information about the U.S. government’s spending of taxpayer dollars to conduct Buddhism-based social experiments on children.
- We filed a FOIA request to expose the horror of a disturbing government contract funding research to create “humanized mice” using tissue from aborted babies. In a huge victory for life, the Trump Administration canceled the contract and is setting new policies that could end taxpayer funding for research using human tissue from abortions. Together, we’re making a difference!

Deep State — A secret political faction that coordinates efforts by government employees and others to influence state policy without regard for democratically elected leadership.

Freedom of Information Act (FOIA) — A law that gives you the right to access information from the federal government.

We’ve uncovered direct evidence that former Obama Secretary of State John Kerry’s State Department used $400,000 in American taxes to fund a Palestinian effort to “replace the government” of Israel, led by none other than Palestinian Authority President Abbas’s son.

Deep State Plot EXPOSED. In the closing days of the Obama Administration, senior officials — including Director of National Intelligence James Clapper and Attorney General Loretta Lynch — made a rule change that allowed raw intelligence to be shared in an expansive way throughout the bureaucracy. We witnessed a massive uptick in Deep State leaks of classified information as a result. Through our FOIA lawsuits, the ACLJ uncovered that there was a rush in Clapper’s office, the NSA, and the DOJ to implement the rule change “before the conclusion of this [Obama] administration.”

Deep State Collusion UNCOVERED. We have learned the Obama DOJ gave Clinton attorneys immunity from the Espionage Act even though they deliberately destroyed evidence. Though the media has moved on from this topic, the rule of law must be upheld. The ACLJ is relentless in our pursuit of truth and justice!

There’s more. Our Government Accountability Project is fighting back. We’re filing legal demands, FOIA requests, and lawsuits against the Deep State bureaucracy. What we are finding and exposing is shocking — but the Deep State can be stopped and the offenders held accountable!

To create a legacy of defending life, liberty, and religious freedom with the ACLJ, while benefiting yourself and your family, consider these excellent options:

**An IRA rollover gift** may simplify your tax return, as charitable distributions (counting toward your required minimum distributions) up to $100,000 are not included in your federal taxable income. If you are age 70½ or older, Congress has made this option permanent.

**A bequest in your will** means an estate tax charitable deduction, often lessening the burden of taxes on your family — and leaving a lasting legacy.

**A charitable gift annuity** (CGA) will give you or you and your spouse income for life and a charitable tax deduction now — all while helping the ACLJ continue the work to which you are committed.

**A gift of stocks**, instead of a gift of cash after selling stocks, allows the ACLJ to receive the full value of the stock instead of what’s left after payment of taxes.

**A trust** can benefit both you and the ACLJ. Find multiple trust options at ACLJLegacy.org.

**A gift of life insurance** you no longer need can make a convenient, tax-deductible charitable gift, with tax deductions on the premiums being paid or the cash value of the policy.
